

# DIFFIETY SCHOOL

*4th Edition, Forino (Avellino) Italy, July 17-29, 2000*

*In cooperation with*  
**Italian Institute for Philosophical Study**  
**Diffiety Institute of the Russian Academy of Natural Sciences**  
**Municipality of Forino**

***Scientific Director:***  
**A.M. Vinogradov**

The aim of the School is to form a research team in order to explore a recently emerged area in Mathematics and Physics:

**-Secondary Calculus-**

and

**-Cohomological Physics-**

which is going to be of fundamental importance for the near future.

The School was created in 1998 under the auspices of the Italian Institute for Philosophical Study, the Diffiety Institute of the Russian Academy of Natural Sciences, the Municipality of Forino, and it has been followed by several meetings both in Italy and in Russia. For the first time, the School offers two series of courses, one for beginners and the other for veterans. We invite interested people to visit our web site for more information, programs and lecture notes.
